Educational, Training, Cultural Tourism, and Medical Grant Partnerships & Digital Media Design & Development for Research Dissemination, Training, and Public Education for Primary Grant Recipients

Buffalo & Erie County Naval & Military Park

"We Stick Together: The Story of the USS The Sullivans"

A short documentary about the greatest tragedy to befall one family in WWII, funded in part by a grant from the **Submariners Association**.

Alzheimer's Association /WNY Chapter

"Behavior Management Training for Dementia Care"

Training program for managing patients with dementia, at home or in a professional healthcare facility, using simulations and skills-based education. This production was made possible through a grant from the **Community Health Foundation of Western and Central New York**.

Dementia Care Team – Beechwood Continuing Care/NYS Dept. of Health

"Preventing Falls"

A comprehensive training and public awareness program to prevent falls among elderly patients diagnosed with dementia, targeted to caregivers, health officials, and families of patients. Sponsored by a grant from the **New York State Department of Health**.

Elmwood Village Association

"This is the Elmwood Village"

A marketing and public awareness presentation in multiple chapters detailing the housing, businesses, cultural venues, retail opportunities, and amenities in and around the Elmwood Village section of Buffalo, NY. The presentation was made part of a presentation to the **American Planning Association**, and was a significant tool in achieving the designation of the Elmwood Village as one of the **Great Places in America** in the first annual event. The presentation was made possible through a grant from the **Margaret L. Wendt Foundation**.

Frank Lloyd Wright's Darwin Martin House Complex

"Docent Training Program"

Full Circle recorded content experts and experienced docents making presentations, edited in slides, photographs, drawings, and contemporary video of the complex and created a docent training program that will be used to increase the docent corps as the complex nears completion and expected tourism traffic increases. This program was made possible in part by a grant from the **John R. Oishei Foundation**.

Dr. Bruce Naughton

"Recognizing & Managing Delirium Among Hospitalized Older Patients"

Presentation illustrating differences between a diagnosis of delirium v. dementia in older hospitalized patients, use of mini-medical exams, information for hospital staff, patient families, and physicians. Training applications and conference presentation. Supported by a grant from the **Donald W. Reynolds Foundation**.

Research Institute on Addictions/University at Buffalo

"Knowledge Exchange and Skills Training for Therapists"

The mission of today's RIA is to contribute to the following broad areas of addictions research: etiology, prevention, and treatment; social, psychological, and neurophysiological aspects; and health and medical aspects.

Dr. David Sandberg

"A Family Guide to CAH: Congenital Adrenal Hyperplasia"

"A Physician's Guide to CAH: Congenital Adrenal Hyperplasia"

This production of a multi-chapter presentation detailing the nature of CAH, with information & advice for patient families and physicians. This project was part of a grant received from the **State University of New York Interdisciplinary Research and Creative Activities Fund & the Office of the Vice President for Research at the University at Buffalo**.

UB Center For The Arts/University at Buffalo/Eager Artists

"The Living Room Project"

The Living Room Project, funded by the largest grant the UB Center for the Arts has received in its history -- a \$100,000 grant awarded by the **Association of Performing Arts Presenters and the Lila Wallace Foundation** -- involves intimate community engagements during which the Eager Artists South African theater company and its audiences share a performance and informal meal together in the home of each community "host."

Upstate New York Transplant Services, Inc.

"Let's Talk About Organ & Tissue Donation – For Teenagers"

FCS produced this public informational program for encouraging family discussions about organ & tissue donation.

Upstate New York Transplant Services, Inc.

Public Health Informational Videos – "Conversations with Donor Families and Organ Recipients"

A public informational program for encouraging organ & tissue donations from the general population, focusing on encouraging family discussion of donation issues. Program funded through a grant from the **Health Resources and Services Administration's Division of Transplantation (HRSA/DoT)**.

Upstate New York Transplant Services, Inc.

Public Health Informational Videos – “Facts About Donation”

Public informational videos for encouraging organ & tissue donations from the African-American community, and for healthcare professionals who work with the African-American community.

Upstate New York Transplant Services, Inc.

“Tissue & Organ Donation Facts for Cemeterians”

Public informational video designed to encourage organ & tissue donations through consultation/partnership with cemetery organizations, and for professionals who work with them.
